

1st Press Release

1st Transnational Project Meeting of the Project e-EUPA: “Validation of formal, non-formal, and informal learning for administration personnel through asynchronous electronic learning and online assessment”

Nicosia, Cyprus

12th- 13th January, 2023

The 1st Transnational Project Meeting (TPM) of the e-EUPA project “Validation of formal, non-formal, and informal learning for administration personnel through asynchronous electronic learning and online assessment” took place in Nicosia, Cyprus, between 12th-13th of January, 2023. This is the first TPM but not the first meeting, overall. The project started in April 2022, and ever since, considerable work on the objectives and deliverables of the project has been conducted and numerous online and physical meetings were organized.

The e-EUPA project has as primary objective the offering of quality training for administrative staff at four EQF levels (levels 2, 3, 4, 5) through asynchronous e-learning. Our European consortium has been working hard during the last year to convert the materials from the previous EUPA_NEXT project into an asynchronous format, upgrading it to a contemporary level. There are a number of activities and results towards that final goal, some of which have already been concluded (i.e., Project Result 1: Methodological Framework), and some of them are been currently ongoing (ie., PR2, PR3, PR4).

In the meeting, participants from the project’s partners: M.M.C Management Center Ltd (Cyprus), DIMITRA Educational Organisation (Greece), Cyprus Certification Company (Cyprus), VHS Cham (Germany), RINOVA Malaga (Spain) and UNINETTUNO University (Italy) discussed the progress so far, clarified some issues, and set milestones and deadlines for the future.

**Co-funded by
the European Union**

Funded by the European Union. Views and opinions expressed are however those of the author(s) only and do not necessarily reflect those of the European Union or the European Education and Culture Executive Agency (EACEA). Neither the European Union nor EACEA can be held responsible for them.

On the first day of the TPM, the project coordinator, M.M.C. Management Center Ltd, provided the consortium with an overview of the project, with a particular focus on the important activities of the first Project Results that have been concluded. In addition, focus was given to current and future goals. Separate sessions dealt with the first Project Result (PR1) “Methodological Framework for the conversion of the materials” led by UNINETTUNO University of Italy, and the second Project Result (PR2) “Certification Schemes” led by CCC of Cyprus.

Finally, the first day was concluded with some work on the third Project Result (PR3) “Update of EUPA materials” led by VHS Cham which is considered an essential project result of the project; thus, the second day was exclusively spent in discussing this PR, in correlation to Project Result 4 (PR4): “Video-recorded lectures”.

The e-EUPA project is funded with the support of the European Commission.
